

National Recognition at STEAM Innovation League 2025

We are delighted to share that two students from Jaypee Public School, Noida have secured places among the Top 100 Projects at the National Level in the STEAM Innovation League 2025.

Akshaj Sharma (Class VIII) was recognized in the Junior Category for his project “Smart Tech Tyre”, an innovative solution enhancing road safety through smart tyre technology.

Anugya Yadav (Class X) earned a spot in the Senior Category for her project “Field Sathi”, a low-cost shed with advanced features to support farmers.

Congratulations to both students for their exemplary innovation and for making the school proud!
